LA TOSCA AND YORKVILLE BELLE.

BACELAND DEFEATED BY LA TOSCA IN 1:304-

YORKVILLE BELLE'S NURSERY. The Nursery and Hickory Stakes drew a multitude of spectators to Morris Park yesterday, a gathering abundant in numbers and overflowing with enthusiasm. unt the assemblage would certainly have been much larger if the morning had been bright, clear and warm, remarkable racing was enjoyed by all who were within the gates. La Tosca proved that she had gained in speed, rather than deteriorated since Pierre corillard bought her for \$15,000. She defeated Racend, with plenty in hand, and ran the mile in 1:30 1-2, the same time which was made by Raene, at Washington Park, Chicago, last year, time which has never been surpassed record in this country, except upon a straightaway track. It is true that Clarendon, in the detropolitan Handicap, ran the first mile on this rack t 1:38, but that is not an official record, be use it was not the full distance of the race. Clarendon can the track was much faster than it was erday, as the recent rain had taken out its clas icity and made it dull and dead. La Tosca's exploit was certainly a marvel, not so much from the time test, since that is, after all, well-night worthless (some of the poorest racehorses ever known have been able to move with amazing speed when their only opponent was a stop-watch), but because she was not compelled to exert herself to overcome Raceland, who is now in his finest form, and was carrying a weight, 118 pounds. which is not at all a heavy burden to him.

Pierre Lorillard was congratulated most heartily of

all sides upon his purchase of so magnificent a filly Only a truly great racehorse will have any chance with ca next year, if she trains on, as she is practically certain to do. She was a singularly cheap filly at \$15,000. In England such a filly would hav ght at least \$40,000. Mr. Lorillard did not back her, as he feared that she was hardly ready for sa hard a race as Raceland ws expected to give her She was thin and gaunt when she passed into Mr. Lorillard's hands, and John Huggins, Mr. Lorillard's trainer, devoted himself first to putting so She was "off her feed" and would not out of the feed box. So Mr. Huggins spread : sheet before her dainty nose, and scattered her oats upon it, and the filly was tempted in that way to pick a little food here and there until her appetite returned and she gained fiesh. When she was worked a mile she ran it in 1:47 1-2, Mr. Huggins says. Other trainers made it 1:47. But this shows how difference between working a mile in 1:47 and racing a mile in 1:39 1-2. Michael F. Dwyer put \$5,000 on Raceland and felt sure of success. His betting, and the reports that got abroad about La Tosca's slow sent her from even money to 7 to 5, and even 5 in the betting ring, while Raccland was neked from even money to 5 to 3 on. And yet La Tosca beat Raceland just as she liked. Taral was on Raceland and rode him well. He sent him omptly to the front, and tried to get as far away from La Tosca as possible, but no matter how fast Raceland ran she clung to him like his shadow, until Littlefield moved up with her, and passed Raceland dithout urging her at all. Another superb filly that evoked the intense en-

ism of every turfman was Yorkville Belle. Every competent judge of racing form conceded the \$15,000 Nursery Stakes to her. It was never possible to get better than even money against her, and at the close of the betting she was at 10 to 7 and 5 to 3 on. She was not obliged to race at all, she had the race safely in hand and she sailed in alone, a long way in advance of Dagonet, who was the econd choice in the betting, and got second money in Dagonet had some backing, even to defeat the queen of the two-year-olds, but the odds were long

against any one of the other starters.

F. C. McLewee displayed remarkable indgment gacity when he bought Yorkville Belle. She could have run away from His Highness yesterday in a comcanter and is one of the very best fillies ever een in Enkland, America or anywhere else. All the owners, trainers and spectators expressed the most

The Morris Park track is wonderfully fast this season. Its splendid condition is due to improvements devised and carried out by Alfred H. Morris.

Among the most interested observers of the brillian sport of the afternoon were twenty-two Connecticut editors, who had been brought to the track in a special train over the New-York, New-Haven and Hartford They were in charge of Isaac Bromley, jr., who took care that every one of them should he every desire of his heart fulfilled. Mr. Bromley all about Connecticut editors and how to take

strathmeath was the favorite for the \$20,000 Hickory stakes, with Rey del Rey a close second choice. Rey del Rey would not try after the first mile, and Poet Scout, ridden by Hamilton, ran away from the field in the homestretch. Strathmeath was second, and the miraculously improved Equity was third. Poet Scout is by Longfellow out of Gypsy, and is a colt of real merit, of great speed and rare staying power. If he had not run so incomprehensibly wretched a race in the Fulion Stakes at Gravesend, he would not have been at so long odds in the Hickory. It was thought that Equity could not take up stake weight and travel a distance with the coits of her own age. But in the Hickory she defeated Rey del Rey, Russell and Montana, as well as Reckon and Killdeer, without any advantage in the weights.

Pierre Lorillard backed his coit Johnny Heckscher freely in the first race, and had the pleasure of seeing him win it, although Johnny did Joh have much to spare. ath was the favorite for the \$20,000 Hickory

In the last race the overwhelming favorite Sir Charles did not get a place, which surely looked

In the stretch, a quarter of a mile from home, Tarai began riding, as the filly was saining on him at every stride. "Old Bones" was a good herie and his response was generous, but, notwithstanding all his speed, the filly strode over him and won in a canter by three-quarters of a length. A TRAINER'S NOTES FROM THE TRACKS.

Morris Park, Oct. 10 .- Superintendent Gorman acemplished wonders with the track this morning. had his entire force at work since the rain ceased on Thursday morning, and to-day the track was both safe and fast. The race won by La Tosca equalled the best mile ever run in the East. She could have gone three-quarters of a second faster had Littlefield pressed her to the last ounce. The peerless daughter of St. Blaise should have been an unbeaten mare this season. M. F. Dwyer bet \$5,000 on "Old Bones," but did not look for such a race as La Tosca put up for the game

Yorkville Belle plainly showed that she is the queen of the two-year-olds, as she beat Dagonet so easily many shrewd horsemen said that they would liked to have seen the best of the year try conclusions with her to-day, as she seemed to be many pounds better than at any previous time. Dagonet was ridden weight she will receive from the handicapper in the White Plains Handicap will be anxiously awaited by

the trainers of two-year-olds. Poet Scout won the Hickory Stakes with Hamilton up. Taral was to have the mount, but Wyudham Walden preferred starting Reckon than to have any other horse have ten pounds the best of the jockeys. Marcus Daly and Mr. Larrabee bet \$5,000 on the result of the Hickory Stakes in August. Matt Byrnes took \$500 of it, Marcus Daly betting that Montana would beat Poet Scout. Byrnes thought it was a cinch, but thinks differently now. Green Morris's gelding was beaten, but it took a corker to do it, and Green knew it, as he offered \$17,000 for the scout the day after the Chicago Derby was run.

An effort will be made to have the Board of Control allow the boys that are suspended to ride at the late meetings. Jockeys are scarce, and it is a hard sallow the boys that are going to Baltimore and Washington meetings. If the board does not allow them to ride the chances are that their licenses will be withheld next year should they defy the board and do so. Chicago, Oct. 10 .- Uncle Bob, the winner of last year's American Derby, fell in the second race at Garfield Park to-day, breaking his left foreieg. thought the horse will never race again. Uncle Bob is the property of the Aetna Stable and cost George V. Hankins about \$15,000 last spring.

ENGLISH ENTRIES FOR CHICAGO FAIR RACES London, Oct. 10.-Colonel Thomas Ochiltree, on behalf of Colonel North, the "Nitrate King" and owner of a large racing stable, has forwarded the following entries for races, which will be run during the progress of the Columbian Exhibition at Chicago in 1893: For the Derby, five entries; the get of Kilwarlin out of Sultana, of St. Honorat out of Restorative, of Munsurfana, of St. Honorat out of Restorative, of Mun-caster out of Queest, of Swillington out of Thuringian, and of Galopin out of Bargundy. For the Isabella States, two entries. For the Sheridan Stakes, five entries. Colonel North will also take either St. Simon of the Rock, or Lady Hermit—whichever may be in the best form—to compete for the Columbian Handicap.

MR. NELSON NOT SATISFIED WITH THE RACE. Chicago, Oct. 10 .- A dispatch from Grand Rapids, Mich. says: C. H. Nelson is not entirely satisfied with the result of Thursday's race, and attributes the defeat of his hors to lameness last week at Cambridge City, which interfered with training. He expressed unbounded confidence in Nelson's speed, and declared that he had \$10,000 to bet Nelson's speed, and declared that he had \$10,000 to bet that Nelson could beat Allerton or any other stallion in the world four wocks hence on the track in this city or anywhere else. He would back Nelson with his last dollar, if the horse were in perfect condition, against Allerton. He says he will be "in it" next season.

C. W. Williams smiled when Mr. Nelson's remarks are recorded to the and said Allerton was not much of the said and allerton.

were repeated to him, and said Allerton was not pushed at all, but was jogged along at an easy and ordinary training pace, which he could keep up indefinitely. Allerton would, I. said, have won the first heat but fir an unfortunate break at the distance pole, and but for fear of straining him he would have finished any of the heats several seconds short of actual time made.

THE LEAGUE AND THE ASSOCIATION.

Chicago, Oct. 10.—It is said that the bulk of the money required to run the proposed American Association baseball team here will come from the outside. The same plan as that pursued in Cincianati, where the local capital was that pursued to Cincianati, where the local capital was less than 10 per cent of the capital stock, is to be used, here. Chris Von der Ahe, of St. Louis, is to supply mos-

An attempt was made late on Friday night to burn the four-story brick tenement-house, No. 160 Pavonia-Some waste, saturated with oil, had been sur rounded with kindling wood in the cellar and fired. The thick, black smoke called the attention of the police, and the blaze was extinguished before there was any damace. This is the fifth attempt at incendiarism in the neighborhood within a short time. There is no clew to the incendiary and no apparent reason for the act.
